Issue:

Acceptance of an Underground Utility Easement from Wesley G. and Carolynn C. Burt.

Synopsis:

Mr. and Mrs. Burt have signed an Underground Utility Easement, for the burial of overhead utility lines, for the 3500 South Widening Project. This project extends along 3500 South between 2700 West and Bangerter Highway.

Background:

This parcel located at 3225 West 3500 South is one of the properties affected and benefited by the construction of this project. West Valley City requested that the overhead power lines be buried along the project. West Valley City has also agreed to share in the burial costs, and to acquire easements on private property for the burial of the overhead utility lines. Owner has agreed to provide the easement.

Recommendation:

Accept and record Underground Utility Easement.
